I'm excited to share details about our quick-delivery spec home, estimated for completion summer of 2026. This home is our brand new Kenton model! The Kenton is a spacious home offering 4 bedrooms, 2.5 bathrooms, a dedicated study, and a versatile loft. Our in-house interior designer, Monika, has thoughtfully selected all the upgrades, so there's truly nothing left for you to do but move in. Key upgrades include wood flooring throughout the entire first floor and the upstairs loft, quartz countertops, natural gas fireplace, ceramic tiled bathrooms, recessed lighting, and a utility door, among many other enhancements. The house is being framed now. I do have one to view if interested.
